ELABORATE DECORATIONS WEEK OF THE CARNIVAL.

The Attractions for Visitors Will Be Many-The Officers and Committees Meet.

The manner in which people lingered about and inspected the "Magic Circle," the arches, the approaches and the decorations for the carnival last night indicated an interest in the arrangements not anticipated by the management. While waiting for the parade of the Rough Riders the circle was tion, which covers the territory between thronged with people, each and every one the Mississippi river and Pittsburg and of whom expressed wonder as to what might be seen when finished. The work and decorations proceeded at a lively rate yesbe started by increasing the charges on terday, and the circle, Meridian street, Washington street, and in fact all of the streets in the center of the city, have now assumed an air of gayety in keeping with the carnival idea, and yet only a small part of the decoration scheme has been comto advance the grain tariffs several cents pleted. Other Good Races-Henry Rode Four Mounts to Victory at Morris Park -American Riders Abroad.

LEXINGTON, Ky., Oct. 5.-The very threatening weather in the forenoon was tollowed by a delightful afternoon, and a large crowd saw three high-class races in a dozen well contested heats. The fast and game Charley Herr broke the track record for a race by going the second heat in the 2:08 trot in 2:07 flat, a new record also for the little bulldog trotter. He won the race in straight heats, and was loudly applauded when the race was over. The Wilson was won by the Tennessee mare Vesper in straight heats with ease, after losing the first to Saul, owned in Illinois Two pacers entered the 2:10 list in this race. Belle Onward won the first heat in the 2:24 trot, but made a break near the three-quarters in the second, was run over by Scott Hudson, and Baron Bell was out of it. After this there was nothing in it but Dolly Bidwell and she won easily in straight heats. This was one of the best racing days of the meeting. The sum-

## NELSON AND M'DUFFEE.

They Are Matched for a Twenty-Mile

Motor-Paced Race To-Day. John A. Nelson, the middle-distance cyc-

ling champion of America, and Eddie Mc-Duffee, champion last season, will meet this afternoon at Newby Oval in a twentymile, motor-paced, match race. The big race will be started shortly after 4 o'clock. Each of the riders will be paced by two fast motor tandems. These motor machines are of equal horse power and speed will win the contest and not the pacing. There is every indication that the world's records will go in the contest. Nelson was compelled to rest up for ten days by his physician after he had won twenty-five races in a space of less than ten weeks, and that rest has made him faster and better than ever. He says that McDuffee will have to the contest, and providing he cuts down gate, c-inch, hub ends, brass-mo as the contest may be made if the day is perfect, then Nelson will be declared the champion of the world. In his training of the past few days he has ridden ten miles at a clip at an average of 1:27 to the mile, and his last quarter mile

of the ride was made in the world's record time of 201-5 seconds. This is the fastest quarter mile ever made back of regulation pace. In the twenty-five mile race Nelson must average 1:30 to the mile, providing evening on the record-breaking quartermile track at Brockton. Nelson has lowered records on that track, and believes that Newby Oval is faster by several seconds, owing to the protective advantages supplied by the large grand stands. Over one nundred people watched the work-outs of Nelson and McDuffee yesterday and saw some interesting work-outs, oftentimes with three men on the track. Manager Prince was at the track with the information that Michael would arrive in the city to-day and would be a witness of the race of the afternoon. Michael will be accompanied by J. C. Kennedy, his manager, and by his two pacing teams, known as the Empire State Limited and the Katzenjammer Kids. He will prepare in Indianapolis for a race with Nelson which may be a feature of the cycling season and a fit closing race for any track.
